About Thailand

- Our services : Patent, Industrial Design, Trademark, Copyrights, GI
- Each IP has its own IT system and database.
- the e-Filing service for Patent, Industrial Design, TM
- For TM e-filing, In 2022 the number has been increased to 21,408 applications (about 60%)
- There are some e-services such as online IPR search, Patent Search, Image Search for TM, online publication,
- the Datawarehouse system that collect and ETL data from each IPR's database for data exchange.
- Payment via the national e-Payment
- User Authentication by Thai national ID (ThaID)
- Issue e-Certificate for Patent, Petty Patent and Industrial Design
