### I. GENERAL OVERVIEW OF RECENT DEVELOPMENTS IN TRADEMARK INFORMATION ACTIVITIES CARRIED OUT BY THE OFFICE

N.A.

**Outline of main policies and plans aimed at development of trademark information activities and expected time frames for their realization**

N.A.

**New projects launched or resumed this year in the context of the policies and plans mentioned above, short description: aims, partners, tasks**

In 2020, at the beginning of the year, we switched to fully electronic communication with applicants, thus significantly improving the indicator "Services related to Trademarks and the maintenance of Design Registers provided within a maximum of 15 days. d., share" - reached 99 percent result of electronic communication (2019 - 72%).

**Main areas of trademark information activities and related information and communication technology (ICT) practices which were in the focus of attention last year**

N.A.

**Statistics: changes in terms of application filings and registrations with respect to previous year; trends or areas experiencing rapid changes**

In 2020 the SPB performed 3544 trademark examinations. That's 5 percent more than predicted. It should be noted that in 2020, trademark applications were of better quality and found fewer shortcomings in the data of the applicants and the list of goods and services, therefore 97 percent (2019 - 92 percent) of examinations were finished in less than two days.

1771 national trademarks were registered in 2020, that's 4 percent more than planned. Protection was granted to 1232 international trademark registrations, 1 percent less than planned.
